

PRESIDENT LINCOLN'S COTTAGE

private & corporate
Events

Located on the historic hilltop campus of the Soldiers' Home in Washington, D.C., President Lincoln's Cottage is the most significant site associated with Lincoln's presidency aside from the White House. President Lincoln and his family lived here throughout the summer and fall of 1862, 1863, and 1864. It was during his time at the Cottage that Lincoln worked on the Emancipation Proclamation and made many critical decisions about the course of the Civil War. The Lincolns also used this retreat as a social venue, entertaining politicians, friends and even unexpected visitors. Today, this National Historic Landmark offers many options for unique and memorable events of all kinds.
